PROFESSIONAL SUMMARY

Client-facing operations professional with 2+ years managing UK-based B2B accounts, owning service delivery, escalations, and customer outcomes through Salesforce, Zendesk, and AWS Connect. Proven record of driving measurable client results, including lifting SLA performance from 85% to 97%, reducing response times from over a week to half a day, and contributing to nearly £300,000 in revenue growth at DrivenConnect through supplier onboarding and account coordination. Skilled at building long-term stakeholder relationships, translating usage data into engagement strategies, and acting as the primary point of contact for client success.

EXPERIENCE

Call Centre Manager - WeMove UK

Afrishore BPO | Bryanston, Gauteng

Mar 2025 – Present

- Took ownership of an underperforming UK B2B client account, accountable for service recovery, customer satisfaction, and retention of the client relationship.
- Reduced customer response times in Zendesk from over a week to 0.5 days on average, with complaint resolution down to 1.5 days, significantly improving client satisfaction and reducing churn risk.
- Improved SLA performance from 85% to 97% within 60 seconds through workflow optimisation and dialer reconfiguration in AWS Connect, directly strengthening the client's customer experience.
- Reduced average queue times from 18 seconds to 10 seconds, improving customer access and speed of answer.
- Maintained 99% answer rate and 0% abandonment during operational hours, providing the client with consistent, reliable service coverage.
- Coordinated workforce coverage and capacity planning to guarantee uninterrupted service delivery to the client across operational hours.

Senior Sales Administrator / Project Lead - DrivenConnect (WeMove)

Afrishore BPO | Bryanston, Gauteng

Oct 2024 – Present

- Owned the DrivenConnect launch end-to-end, building the operator-side network from zero and serving as the primary relationship manager for an entirely new supplier base.
- Sourced, vetted, and onboarded approximately 450 coach operators, guiding each through onboarding to ensure adoption and consistent service delivery, directly transferable to SaaS customer onboarding at scale.

- Built and maintained long-term supplier relationships, acting as the ongoing point of contact for pricing negotiations, availability, and account health.
- Contributed to revenue growth of nearly £300,000 through supplier acquisition, onboarding, and ongoing account coordination, combining new-account growth with retention of the existing base.
- Collaborated cross-functionally with Sales and business development teams to align supply with client demand across the UK university sector, representing operator needs internally and customer needs externally.
- Helped establish a scalable foundation for future growth, with additional team expansion now being considered.

Call Centre Team Leader - WeMove UK

Afrishore BPO | Bryanston, Gauteng

Jun 2024 – Mar 2025

- Coached a team of agents servicing a key UK B2B client account, providing daily performance feedback and live guidance to maintain customer satisfaction levels.
- Led onboarding and training programmes for new agents, driving adoption of client tools and processes to maintain consistent service quality.
- Monitored productivity, attendance, and call quality, addressing performance gaps proactively.
- Acted as the escalation point for customer complaints and Zendesk case coordination, ensuring SLA compliance and protecting the client relationship.
